

Fall back

into

school!

Re-familiarize yourself with notes you took before Fall Break

Review tests you've taken to get an idea of what the final may be like

Calculate your current grade in each class and determine what grades you will need to get the rest of the semester to achieve the GPA you want

Start a study group to
get different perspectives
from other students

Visit your professors'
office hours so they
know who you are

Organize projects
that will be due at
the end of the semester

Take advantage of our free tutoring if you
could use some extra help
