

Springs

back

into
School!

Re-familiarize yourself
with notes you took
before Spring Break

Review tests you've taken to get an idea of what the final may be like

Calculate your current grade in each class and determine what grades you will need to get the rest of the semester to achieve the GPA you want

Start a study group
to get different
perspectives from
other students

Visit your professors'
office hours so they
know who you are

Organize projects that
will be due at the end of
the semester

Take advantage of our
free tutoring if you could
use some extra help
