Transient Request to UGA Griffin Campus

Students applying for transient status at the University of Georgia are requesting to be a one term guest student with plans and eligibility to return to their home institution at the end of the term. As a guest student, you may register for classes, but no credit evaluation of your prior work will take place. You may not be eligible for financial aid and registration is on a class availability basis. Classes taken at UGA while a transient will not be used in the evaluation of grades or hours necessary for meeting transfer criteria if you later seek to transfer to UGA.

You should plan to meet with Mrs. Marilyn Johnson at the Griffin campus to discuss your course plans to assure that you have the required prerequisite courses prior to applying as a transient student.

This form and your application for admission (www.uga.edu/griffin) should be submitted together by the application deadline for the term intended to enroll.

Student's Name: _____ Date: _____

Student's SSN: _____ DOB: _____

Term applying for at UGA: Spring _____ Summer _____ Fall _____
