

Section:	Residence Halls	Revision Date: 5/1/2009
Subject:	All Residence Halls: Facilities Reservations	Page: 1 of 8
Policy:	Reservation of space in and around each residence hall and apartment building is coordinated by the respective Community Office or the Family and Graduate Housing Office.	

Purpose:

The purpose of this policy is to provide guidelines regarding the reservation of space in and around each residence hall and apartment building.

Scope:

This policy applies to the University of Georgia community.

Procedure:

- I. All requests for facilities reservations should be made directly with the appropriate Community Office or Family and Graduate Housing Office. The Area Coordinator or Assistant Director of Family and Graduate Housing will decide if the request is approved. A list of available spaces is included at the end of this policy.
- II. Only University Housing staff and residents, registered student organizations, and University departments may reserve facilities and space in or around the residence halls or apartments.
- III. Reservations should be made at least one week in advance and no earlier than the start of the semester the event is intended to take place unless permission is granted by the Area Coordinator or Assistant Director of Family and Graduate Housing. Non-Housing departments or organizations are not permitted to reserve Housing facilities during hall openings, closings, or during final exam periods.
- IV. Requests may be denied if space is not available. Department of University Housing staff, Community/Hall Council and the Residence Hall Association have priority in reserving space for programs targeted to building residents. Reservations will be confirmed through the appropriate Community Office or Family and Graduate Housing Office.
- V. A room rental fee of \$40.00 may be charged to all non-Housing departments or non-Housing student organizations. Minimum charges for trash removal and cleaning are \$35.00. Oglethorpe House Pool usage fee is a minimum charge of \$50.00 (increases above 35 people per event). Special set-up requests may require the submission of an additional form in each office. Contact the office responsible for making the reservation to obtain additional information. Reservations must be canceled 24-hours in advance of the program or the reserving group may be held responsible for the set-up charges. Any damages to equipment and/or facilities may be assessed by the Area Coordinator of the facility on an individual basis.

- VI. Typical reservation hours are from 8:00 a.m.-10:00 p.m. Spaces in more private areas may have extended hours. See the appropriate Area Coordinator or the Assistant Director of Family and Graduate Housing for more information. Any activity in an interior or exterior space that is too loud or disrupts the hall quiet hours (typically beginning at 10 p.m.) and/or surrounding residential area may be suspended by the Housing staff responsible for the area reserved. The coordinator for the event is expected to assist Housing staff in communicating this and other important information to event participants.
- VII. The Department of University Housing reserves the right to require any sound system that is interfering with the normal operations of the residence halls, apartment buildings, or surrounding buildings be turned off. University Housing may restrict or deny the use of amplified sound systems that would interfere with other events or activities scheduled in the surrounding area. All persons/groups sponsoring live music must obtain permission from the Area Coordinator or the Assistant Director of Family and Graduate Housing at the time the reservation is made. Sound reinforcement of live music may not include sub-woofers, long throw speakers, woofers larger than 15 inches, or heavy percussion including large drums and heavy bass.
- VIII. Kitchen facilities may not be available to students or organizations outside the Department of University Housing. Check with the appropriate office for additional information.
- IX. Electrical power cords or other items may not be run to obstruct hallways. Exterior doors cannot be propped open. No cords may be run from outside the residence hall to an interior outlet by non-Housing organizations.
- X. No candles with flames are allowed in any housing facilities.
- XI. Confetti may not be allowed in some facilities (especially carpeted facilities). Check with the appropriate office for additional information.
- XII. The group/person responsible for reserving the space should be aware of accessible restrooms for participants.
- XIII. All Department of University Housing facilities are smoke-free environments.
- XIV. No vehicles may be parked on University grounds around the residence halls or apartment buildings, in designated reserved spaces (without the proper decal), or in designated fire lanes during an event.
- XV. Organizations outside the Department of University Housing cannot reserve facilities excessively at the sole direction of the Area Coordinator or the Assistant Director of Family and Graduate Housing.
- XVI. Facilities are intended for group meetings, educational events, and other special events. The facilities are not intended for personal use (i.e. instrument/band practice).

- XVII. Department of University Housing groups may fund raise inside buildings managed by the Department of University Housing. Non-Housing groups are not allowed to fund raise inside buildings managed by the Department of University Housing unless they have prior approval from either the Assistant Director of Residence Life or the Assistant Director of Family and Graduate Housing. Fund raising may only take place in the public areas of the residence halls and Family and Graduate Housing. Fund raising activities outside the halls must comply with guidelines in the [Student Handbook](#).
- XVIII. All reserving groups are responsible for following the rules and regulations of the University of Georgia (found in the [Student Handbook](#)) and the Department of University Housing (found in the [Community Guide](#) for the traditional residence halls or the [East Campus Village Community Guide](#)).
- XIX. Any group failing to abide by these policies or the rules and regulations in the [Student Handbook](#) or [Community Guides](#) may lose privileges to reserve space in University Housing facilities and/or may face administrative or a referral through a judicial process.
- XX. No alcoholic beverages may be consumed in any public space of any residence hall. Failure to follow the alcohol policy will result in a referral through a judicial process. In addition, the student may be subject to arrest for violating State and/or Federal law. Illegal drugs are not permitted in the residence halls and possession of such drugs will result in a referral through a judicial process.
- XXI. Groups may not show movies in public spaces without proof of permission from the appropriate authorized distributor or copyright holder. Showing rented movies without this proof of permission may be a violation of copyright law.
