

UGA Summer Music Camps

Junior/ Senior / Music Institute Options

The 2008 UGA Summer Music Camp and Summer Music Institute will be offering different class options for rising high school juniors and seniors attending Music Camp and students attending the Summer Music Institute. The classes will be taught by UGA faculty. If you wish to attend one of these classes please make your selection below by indicating your first, second and third choices. The number of students per class will be limited due to classroom space, number of sessions offered, and availability of technology equipment for the Music Technology Class.

Due to limited space for each class, we ask that you return your choices promptly. Students will be assigned to these classes on a first come first serve basis therefore; some students may not receive their first choice. However, it is our hope that offering these new courses will add to the overall musical experience at camp.

We look forward to seeing you soon!

Dr. Skip Taylor
Director / Summer Music Camp

*Please select your choices in rank order by placing a 1, 2, and 3 in the blanks provided with 1 being the highest and 3 the lowest.

Music History (2 sessions)
