All checks should be made payable to the U.S. Department of Homeland Security

*Two separate checks are required for these fees.

**If the case is filed for Premium Processing, the department must pay the fee if the offered salary is less than \$1000 over the prevailing wage or, to avoid a gap in authorized employment. The individual can pay the \$1000 fee if the offered salary is at least \$1000 greater than the prevailing wage.

Please note that in all cases departments cannot recuperate the cost of the fees from the individual through repayment or payroll deduction.
