

## Sample Program of Study for Health Promotion (B.S.H.P.): Health Promotion Area of Emphasis

Credit hours indicated in parentheses.

Please note pre-requisites apply for many courses. Starred courses must be taken in sequence.

Major electives must be 3000 level or above and must be related to major.

Final program of study must be made with the departmental advisor.

Internships are offered each semester. Other classes may only be offered once a year.

For more information, please refer to the program of study for the BSHP at [bulletin.uga.edu](http://bulletin.uga.edu)
