Marsha Gruner,
Nancy Canolty

Chuck Gruner

Marcus Jennings and Claude McBride

Retirees' Recognition Reception

UGARA

Keeping Informed, Staying Involved

The University of Georgia

2009-2010 UGARA Council

UGARA was established in 1991 as a membership-based organization to serve the retiree community of the University. UGARA's purpose is to serve as an active liaison with the University community, keep members informed about University System retiree benefits, and provide members volunteer opportunities with the Alumni Association and the University in a variety of ways. In addition, UGARA provides educational and recreational opportunities for retirees, both faculty and staff, with campus tours, day and overnight trips to many places of interest, book reviews and the "meet the author" series and other events.
